

The intention of this page is to offer a quick reference to information concerning the USGA Handicap System.

The goal of the FGCC Handicap Committee along with the USGA is to inform, educate, and enable golfers of all skill levels to compete on an equitable basis.

The FGCC Handicap Committee would like to recognize the following golf groups and their leaders for being “conforming” golf groups. “Conforming” is briefly explained as groups that:

- use the USGA Handicap Index for all players
- monitor the posting of players scores to Ghin
- have player score posting practices in place (e.g. ESC, etc)
